

J Star Gymnastics

Magical Witches & Wizards

2018 Camp Spotlight

July 30-Aug 3 9:00am-4:00pm (Full)
9:00am - 1:00pm(Half)

(Ages 5-13 yrs.)

Week \$200
Half Days \$100
Single Days \$60

At Magical Witches and Wizards Camp your child will receive their acceptance letter into the J Star School of Witchcraft and Wizardry. Campers will make their own wands and broomsticks for casting spells and flying through the night sky. We will also explore Herbology, potions and caring for magical creatures. To end our week we will play a friendly game of magical Kwidditch.

Monday: Becoming Witches and Wizards Welcome to The Stars & Stripes School of Witchcraft and Wizardry. Campers will receive their official acceptance letters to the greatest witchcraft and wizardry school around. Each letter comes with a list of all the materials they will need to be successful at their new school. Wands and broomsticks are a must, but where will we get such items like these? Each camper will make their very own wand and broomstick today and we will continue to use them throughout the week. We will even get the chance to make edible wands today.

Tuesday: Herbology Plants both normal and magical are amazing wonders of the world. Today we will study Herbology and explore the beauty behind different plants and herbs. We will study the properties of flowers and plant our own seedlings to grow beautiful flowers and kitchen herbs. We will also use the oils from plants to create bath salts and scrubs that the campers will get to take home. This is a day filled with hands on activities that are both educational and fun!

Wednesday: Potions Campers will begin by making their very own cauldron to help us brew up some potions. We will enjoy both edible and non-edible potions that are sure to bring a smile to every camper's face. We will also spend some extra time practicing our Kwidditch skills and game positions for the Kwidditch Cup we will play in on Friday.

Thursday: Caring of Magical Creatures and Transfiguration Magical creatures truly are fascinating. We will learn about some very unique magical creatures today and how to care for them. Then, campers will use their imaginations to create and make a magical creature they can call their own. Campers will decide everything from what it looks like to where it lives and sleeps, what it eats and what magical powers it has. Today we will also be exploring transfiguration as we try to transform an egg into something new!

Friday: Magical Kwidditch After a long week of hard work with our studies and Magical Kwidditch practice, it is time for our big game, the Kwidditch Cup. We begin with a quick warm up and practice to get us prepared. Campers will help make sure that everything is in order and then the match will begin! We will celebrate a job well done with some Butterbeer and fun in the sun.
